- Membership in the Industry Business Network 4.0 e.V. is a **cooperation amongst equals**. What drives us is a common spirit, as well as the same ideas and visions we want to implement together for our customers.
- Those who join now **can set the course and decide from the beginning** on which added value we want to offer our mutual customers in the context of a networked production.
- Anyone who joins in and actively participates benefits from the beginning of an incredible **transfer of know-how** between his company and the other partners from science and industry.
- In the association, all members jointly create the basis on which future completely **new business models** can be developed.

- The members of the Industry Business Network 4.0 e.V. want to quickly get results with tangible added value for their customers - that means, conversely, that all the manufacturers involved in the project develop a **true unique selling point and thus an additional selling point** for their machines and plants.
- All important association activities - milestones, tangible results, news about the innovation activities of member companies - are **communicated to the market**.
- The cost of a membership is kept within very clear limits and depends on how much I want to get involved in the R & D process. **A membership costs 120 Euros per month.**

# Contribution order

## §1 Fundamentals

This contribution order is not a component of the articles of incorporation. It regulates the contribution obligations of members as well as fees and levies. It can be changed only by the board of the association.

## §2 Resolutions

1. The general assembly decides on the amount of the contribution, the admission fee, and levies. On the basis of this, the board establishes the contribution order and likewise the fees.
2. The amounts established are collected on January 1 of the year following the one in which the resolution was made. Another deadline can be established through a resolution of the board.
3. If entry takes place during the year, the yearly fee must be paid proportionally on the first of the following month.

## §3 Amount of contribution

The amount of the contribution for regular member companies was established by the general assembly at 120.00 € per month. (Status 28/09/2016)

## §4 Direct debiting

The payment of the amounts takes place through a direct debiting procedure and is offered in advance as a yearly contribution.

Members who do not agree to the debiting procedure upon joining are obligated to pay the fixed membership fees no later than thirty days after invoicing.

## §5 Termination - End of the contribution obligation

Membership can be cancelled within a deadline of two months from the end of the year. The termination must be made in writing. The receipt of the notice of termination in the association office is definitive. The important reasons based exit is effective immediately. Termination effectively ends the contribution obligation.

## §6 Default and deletion of a member

According to § 3 Par. 7 of the statute, the deletion of a member may take place if it is in default with the fulfilment of its contribution obligations for a contribution year longer than three months after its expiration and has not repaid its debt despite two reminders. The chairperson or a member of the board appointed by him decides on the deletion.

For payment reminders, reminder fees of 5.00 € per reminder are charged.

## §7 Contribution certificate

After the expiration of the business year, a member will receive certification about the membership fees which it has paid.

## §8 Coming into effect

This contribution order was adopted by the general assembly on 29/03/2017 and went into effect on 29/03/2017.
